Country Oak

# Country Oak

Country Oak is a range of traditionally styled pieces made with wood from sustainable European forests. Produced in our factory in Oxfordshire it has a rich waxed finish which enhances the grain and texture of the wood.

The wood is specially chosen with knots and cracks to create a deliberately rustic feel and appearance. The drawers and tops

are slightly rounded on the edges to add a gentle touch.

Designed and made to be durable Country Oak is made from solid wood and features dovetailed drawers and sturdy plinths. A modern take on traditional furniture styling and construction it will continue to enhance any bedroom for many years to come.
