Ixos

# Ixos

Ixos is a contemporary living and dining collection made from solid oak and oak veneers. It features a striking contrast burr veneer inlay

to each piece, which means that no two pieces are the same.

The long bar handle is a feature of the sideboard doors which complements the clean look of the drawers that have a concealed groove as a handle.

The display cabinet features side glass panels and the bookcase includes 3 sets of removable and fully adjustable book stops.

Ixos is a range that makes a statement in your home and offers pieces that are practical, durable and perfect for storage and display.

Ixos is made from a combination of solid oak, oak veneers and burr inlay panels. A characteristic of oak are its natural imperfections such as small knots, cracks, blemishes and slight colour variation. These features are a natural part of any real wood product and make each piece of furniture unique.

Care should be taken to avoid extremes of heat and moisture which may adversely affect the wood. As with all wooden furniture there is likely to be some movement while the wood adjusts to its atmospheric conditions.

Our policy is one of continual improvement. We therefore reserve the right to alter designs, dimensions, availability and price without prior notice. All dimensions in this brochure are believed to be correct at the time of printing, but may subsequently vary, therefore if dimensions are critical please check with your retailer. Imperial measurements are rounded to the nearest quarter or half inch, and metric measurements are rounded to the nearest 5 or 10mm. Articles used for decoration and styling are not included with the products offered. Colours are as accurate as the printing process allows.
